Re: Portable Source Relocation Letter  
Permit #: L-089-15415-05196  
MSOP 091-10765-05196

Dear Mr. Critser:

Approval is hereby granted to operate the portable concrete crusher, described in Operation Permit No. MSOP 091-10765-05196 issued on September 21, 1999. This source is to be located at 9331 W. 205<sup>th</sup> Avenue, Lowell, Indiana in Lake County. This plant was previously located at BP Amoco, 1701 121<sup>st</sup> Street, Whiting in Lake County Indiana. The site approval for BP Amoco, 1701 121<sup>st</sup> Street, Whiting, Indiana was issued on October 12, 2001.

Relocation of this plant must take place within 120 days after the issuance of this decision. The enclosed Notice of Decision explains your options to challenge this decision under IC 4-21.5-3-5(f). Pursuant to IC 4-21.5-3-5(f), this approval is not effective until eighteen (18) days from the date of this letter. This approval supersedes all previous site approval letters.

Advance written notice to the Office of Air Quality (OAQ), Air Compliance Section, of start-up is required in order for the OAQ to perform an inspection. If the plant is not operating in compliance with all applicable regulations upon inspection, the plant must cease operation upon notification to you by OAQ staff of such non-compliance. Operations may only resume once remedial actions have been taken and approved by the OAQ.

Pursuant to the New Source Performance Standards (NSPS), Part 60.670 through 60.676, Subpart OOO, the source owner/operator is reminded of the requirement to report the following at the appropriate times:

- (a) Commencement of construction date (no later than 30 days after such date);
- (b) Anticipated start-up date (not more than 60 days or less than 30 days prior to such date);
- (c) Actual start-up date (within 15 days after such date); and
- (d) Date of performance testing (at least 30 days prior to such date), when required by a condition elsewhere in this permit.

Reports are to be sent to:

Indiana Department of Environmental Management  
Compliance Data Section, Office of Air Management  
100 North Senate Avenue, P. O. Box 6015  
Indianapolis, IN 46206-6015

Suite 418  
504 North Broadway  
Gary, Indiana 46402

In addition, within 60 days after achieving the maximum production rate, but not later than 180 days after initial startup, the Permittee is required to perform opacity testing on the concrete crusher to determine compliance with the NSPS, Subpart OOO pursuant to 40 CFR 60.675(c) and 40 CFR 60.11 utilizing Method 9 (40 CFR 60, Appendix A), or other methods as approved by the Commissioner.

If you have any questions concerning this relocation site approval, please contact Janet Mobley of my staff at 317/232-8369 or at 1-800-451-6027, press 0 and ask for extension 2-8369.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Quality
